Activities Include:

- Moonta Mines Historical Tours
- Historical Orienteering
- Wood Fired oven cooking
- Fishing and swimming

We have used Active Ed for 8 years and I don't think we'd ever plan a camp without them now! Everything is highly organised, with reminders sent each step along the way - I love the new online booking service.

The program is planned according to our needs, linking to our classroom curriculum and specific to our small school cohort and that of our student with severe disabilities. The program team and caterers have always been brilliant!

Thank you, Active Ed! We look forward to next year's fun! - Cathy - Principal (Keyneton Primary)
