In case of alarm or fire.

- Remove** anyone that is in immediate danger. Keep low if smoke is present
- Alarm** must be raised call 000. Identify where the fire is located. If able to safely control the fire, use fire extinguishers aiming for the base of the fire.
- Contain** the fire by closing doors and windows. This will reduce the spread of smoke. Smoke can travel at speeds of up to 1 metre per second.
- Evacuate** the area nearest the fire first. Evacuate away from the seat of the fire. Turn off Gas cylinders.
